## AND WE MUST BE ABLE TO ENDURE THESE CHANGES.

Thomas Jefferson residents enjoy a pleasant walk from the newly completed TJ underpass to campus.

Avid fans endure the dismal weather to watch the Homecoming game.

The Mining Building contains the office of the Dean of the College of Mines and Metallurgy, the Engineering Graphics offices, and offices for the departments of Geological Engineering and Petroleum Engineering.

The library seemed a good place to gravitate to when a late February snowfall virtually immobilized campus.

An eighteen-inch snowfall covers the new bridge between the EE Building and the library.

It took several days for the Building and Grounds crew to complete the cleanup after the heavy snowfalls.

As fall gives in to winter, the colors of autumn fade away;

Large chemistry lectures bring streams of students through the breezeway between University Center-East and University Center-West.

Another day in Rolla comes to an end, as the sun sets on the beginnings of UMR Stonehenge.

Life lies hidden, awaiting a new beginning; yet time endures.

Heavy snowfalls didn't seem to hinder ambitious students on their way to classes.

Sometimes you just have to say, "What the \_\_\_\_ !"

Cleared paths made treks to class a little easier to make in the cold winter months.

A late-night snowfall brings both beauty and adversity to campus, as a lone figure sees on the trudge home from a late session at the library.

The Physical Plant's smokestacks form a picturesque scene against Rolla's skyline.

## New lives spring forth from the legacy of fall,

PM Magazine was on hand for the arrival of St. Pat and his court at the Frisco Depot on Wednesday, March 14 to begin the 76th annual festivities.

Meramec State Park at Sullivan is only one of the many beautiful parks students can enjoy while in Rolla.

Playing dirty was most of the fun at the SUB-sponsored Mud Volleyball Tournament.

Spring's arrival was hampered by the sporadic weather, but St. Pat's activities still went on.

The Gallery in the University Center-East provides Steve Dow with a comfortable place to study.

Spring break provides a week of rest for students, and extra laundry for Mom.

## Ready to face unperceived challenges in a world of promise.

The library staff found it difficult to keep up with students' attempts to survive finals week with an overindulgence of caffeine.

A minor injury proved to be no handicap to graduation.

TJ residents enjoy a scenic view of the road that allows UMR students to escape to St. Louis or Springfield.

As in life, the dandelion ceases to exist in its present form, scattering instead, its seeds for the future.

# CAMPUS LIFE

#### CAMPUS LIFE INDEX

#### **NEW ADDITIONS**

Over the past year, a few added features appeared in Rolla. In Rolla's thriving fast-food market, the establishment of "Castle's of America" first Missouri store, housed in the old A & W Restaurant Building on Highway 63, brought mild relief for those brave souls who claim an addiction to "White Castles." Castle's late-night business cut into the clientele of another all-night establishment, as Naugles closed its doors in early spring.

Campus received a face-lift this year. New sidewalks were added in front of the Chemical Engineering Building to replace well-worn student paths. A new sidewalk was also added between the Library and the EE Building, complete with a bridge to make it easier to cross the drainage ditch. TJ residents welcomed the addition of the "TJ Tube," giving them safer access to campus. Construction crews were busy adding ramps and elevators to the Physics and EE Buildings, making them handicap-accessible. Ground was also broken to begin the construction of the new McNutt Mineral Engineering Building.

On the northwest edge of campus, students saw the makings of UMR Stonehenge, which was funded by private donations. Still uncompleted in the spring, this landmark is a model of the original Stonehenge in England. Stonehenge is believed to have made possible astrological calculations, as well as acting as a calender. UMR Stonehenge will definitely serve as an unusual introduction to UMR for campus visitors.

"Castle's of America" offered a late-night munchie run for students afflicted with "White Castle" attacks.

The EE Building gained elevators to increase its accessibility.

Diet Coke, and a host of other Coke products, made its appearance in UMR vending machines.

UMR Stonehenge made its appearance on campus.

Student paths near the Chem E Building won out, as the University decided to add a sidewalk.

Ramps and elevators were added to the Physics Building this year.

The sidewalks and bridge near the EE Building improved the appearance of campus and removed the necessity of jumping the drainage ditch.

#### LIVING AT THE LIBRARY

The Curtis Laws Wilson Library is a familiar place to a lot of students on campus. A variety of people are always there, studying, doing research, writing letters or just socializing. To these students the library is a valuable resource center for their academic life.

The new computer system was set up second semester and is used as a quicker means of finding books and references. Those people a bit allergic to computers may find the old method of the card catalog much more convenient.

If the card catalog is still of no help, the library staff is always there to lend a helping hand to students seeking references, checking out books, reserving study rooms and whatever else they need.

The library is also a convenient place to meet with study groups or just

friends to study with.

To most students though, the library is a second home. It is the only place on campus that students can get away from noisy dorms or pesty roommates. Some may find themselves there from open to close and others use it as a pit stop between classes, to pick up a soda or just to meet friends. Whatever the reason, the library is the most traveled building on campus.

Hours of studying are necessary in Rolla, and sometimes the library is the only place to hide.

Nancy Pyron and Adib Farhad find the sofas make studying a little more bearable in the library.

Several UMR students work at the library as part of the work-study program, manning the Reference Desk and assisting the library staff throughout the library.

Jim Cotton searches through the stacks to discover the right book.

Some students favored the tried-and-true card catalog to aid in their research.

LUMIN was installed in the library this year, and some students used the terminals located near the card catalogs to research topics.

Second floor of the Library was a popular place to study for many students.

#### OUT AND ABOUT

Students find the rocks in front of the ME Building convenient for watching wildlife on campus.

As night falls on campus, students stroll home wearily from a day of classes.

Ledges throughout campus provide students with a chance to enjoy sunny, spring weather.

Benches surrounding the flagpole outside the Library give many students a place to gather on the north side of campus.

The TJ Tube offered TJ residents a little protection from the elements during a rainy spring day.

Chancellor Joe Marchello welcomes parents to UMR during the "Fieldhouse Feed" at Parent's Day, October 8. 1983.

Mike Moore checks out the internal workings of another captivating car displayed to promote the UMR Sports Car Club.

# THE CALL OF THE CLASSROOM

Hour after hour, day after day, students and teachers struggle through lectures in stuffy classrooms and auditoriums for 16 weeks each semester, and they call this the best years of our life?

Through Calculus, Physics, and a host of other lectures which are the backbone of the academic climate at UMR, students spend endless hours absorbing the vast quantity of information presented in class, even when this means trudging sleepily to 7:30 classes taught by teachers who actually enjoy getting up that early.

Occasionally spring fever would tempt industrious students to skip that late afternoon class — just this once, and teachers noted an increase in absenteeism as the semester drew to a close, but the ever-resourceful students continued to survive UMR, even with occasional absences from class.

A cup of coffee helps even Mechanical Engineering professor Dr. Robert Medrow get motivated for class. Students find they must concentrate on Dr. Ibrahim Adawi's lecture in Atomic and Nuclear Physics, also known as "A-Bomb."

Students found they could maximize the effect of the lecture by reviewing classroom materials before class.

Economics lecturer Richard Bryant invites questions from the class.

Dr. C.E. McFarland finds the use of a gyroscope helpful in demonstrating the property of angular velocity in Physics 23.

# PRACTICAL EXPERIENCE

Labs provide students with a chance to use information presented in the classroom to gain "hands-on" experience.

Although labs are an integral part of most majors, they take their toll on students. Extensive write-ups are generally required, taking hours away from students' study time, and requiring careful budgeting of time.

While labs tend to be unpopular, few students would seriously argue their worth. While they are inconvenient and time-consuming, they are an integral part of this school, and aid us in receiving a quality education.

Insuring you have the right equipment is half the battle in Chemistry labs.

Surveying labs give students a whole new view of campus.

A steady hand is required to perfect drawings done in EG 10, Engineering Drawing.

Many Chem labs require titrations.

#### **MULTI-USELESS?**

The Gale Bullman Multi-Purpose Building provides the campus community with a place to relieve tension and stay physically fit. Whether working out alone, playing a friendly game of basketball, or participating in the intramural program, students flock to the building all day long, and well into the evening.

An indoor swimming pool, weight and exercise rooms, and volleyball and basketball courts round out the indoor facilities, while a golf course, intramural fields, and tennis and racquetball courts highlight the outdoor facilities.

David Ihms enjoys a rigorous game of racquetball on the UMR courts.

Moral support always helps when working out in the weight room.

The intramural fields often come in handy for an afternoon game of softball.

As spring approaches, the weight room proves to be a popular place for those ambitious men and women who want to look their best.

A lot of hard work is necessary to develop one's self in a weight-training program.

An afternoon work-out in the pool helps Prithep Sosothikul keep in shape.

#### BOOKS AND MORE

The UMR Bookstore, located in the University Center-West provides UMR students and faculty with textbooks and school supplies, along with all the "necessities" of life at an engineering school, such as calculators, drafting supplies, and "floppy disks." But the Bookstore provides more than just a place to stock up for school. There you can find virtually any item from postcards to glassware to T-shirts and shorts, all bearing some form of the UMR insignia.

The Bookstore provides many students like Scott Atkins with a chance to earn money to help with school expenses.

Many students use study guides as a supplementary means to aid them in their classes.

The check-cashing service at the Bookstore provides a readily accessible source of funds while on campus.

A well-stocked medicine cabinet aids Cindy Jarrett in locating medications quickly.

Ken Altnether finds that long hours of studying during heavy test weeks can take their toll on his health.

Keeping complete medical records is an important part of the staff's duties. Eleanor Higley updates student records.

## "IS THE DOCTOR IN?"

The UMR Infirmary — the place all students try not to visit. Yet, at some point in most of our college careers, a stopover is necessary. Whether late nights, lack of sleep, and a haphazard diet are sapping our strength, or Intramurals have taken their toll, the Infirmary staff is there to help us get back on our feet. With a friendly smile and a bit of medical advice, we find ourselves back to the books, hopefully not to visit again too soon.

# BEST CAMPGROUND IN ROLLA

UMR
PLACEMENT CENTER
AND
CO-OP PROGRAM

For many students, the Buehler Building can almost serve as a second home. The Buehler Building houses the UMR Placement Center and Cooperative Training Program offices. Students interested in summer and permanent employment or co-op jobs spend numerous hours at the Buehler Building researching companies, asking questions of the friendly and helpful staff, interviewing with prospective employers, picking up hints on how to interview, or simply standing in line (sometimes all night) to sign up for interview slots.

The Placement Office provides UMR students and alumni with the latest information on job availability, career and employer information, and interviewing tips. The UMR Placement Office helps many UMR graduates start their professional career on the right foot.

Sharon Bearden files the abundance of paperwork that comes across her desk as secretary to the Co-op Program.

Carolyn Shields discusses employment opportunities at Bendix with Mark Reinsager, a senior in Computer Science.

Professor C. R. Remington is always ready with friendly advice for anyone who seeks it.

As Jane Allen insures sign-ups run smoothly, students use their time more efficiently by reviewing company literature while standing in line.

Drastic measures were sometimes necessary, as students camped overnight in search of coveted interview slots.

#### WHO'S WHO WHO'S WHO WHO'S WHO WHO'S WHO

RIGHT: Steven C. Phillips, Susan L. Wieting, Cynthia A. Farina, J. Peyton Wieland.
BELOW: Steven E. Watkins, R. Kirk Maguire.
BELOW RIGHT: Edward J. Bradley, Jr.

#### WHO'S WHO

Nineteen UMR students were included in the 1984 edition of WHO'S WHO IN AMERICAN UNIVERSITIES AND COLLEGES. These students, selected as national outstanding campus leaders, were nominated by a campus nominating committee based on their academic achievements, community service, campus leadership, and potential for continued success. These outstanding young leaders join students from more than 1500 institutions of higher learning from all 50 states, the District of Columbia, and several foreign nations.

#### DUTSTANDING TEACHERS OUTSTANDING TEACHERS OUTSTANDING T

The UMR Committee of Effective Teaching and Faculty Awards designated eighteen faculty members at the University of Missouri-Rolla as outstanding teachers for the 1982-1983 school year. These teachers were selected on the basis of students' evaluations of the faculty.

In addition to these awards, several of these outstanding faculty have received numerous other awards in fulfilling their duties as UMR faculty.

Two of this year's honored recipients were also honored at the UMR Alumni Awards banquet. Dr. David Oglesby and Dr. Donald Askeland were this year's recipients of the Amoco Foundation Outstanding Teacher Award. Dr. Oglesby has been teaching at UMR since 1968, and served as freshman advisor in the engineering mechanics department. He is also faculty advisor for Beta

Sigma Psi and the Rugby Club. Dr. Askeland has taught in the metallurgical engineering department since 1970, and has served as faculty advisor to the American Foundrymen's Society for 12 years.

Dr. Robert S. Barefield was honored this year by the American Society for Engineering Education. Dr. Barefield, associate professor of engineeringmanagement, was awarded first place at the 19th annual meeting of the Midwest Section of ASEE held at Wichita State University for his paper on "Teaching 'Touchy-Feely.'"

Patricia Witkoski, graduate teaching assistant in mathematics, was named the first UMR Parent's Association "Outstanding Teaching Assistant." Ms. Witkoski holds a M.S. in computer science, and is presently working towards her M.S. in mathematics.

#### REPENT

Jed Smock, or rather "Brother Jed" as he is more commonly known, warns the students about the wages of sin when he makes his rounds to college campuses.

During his visits to UMR, the hockey puck becomes his pulpit. Along with his preaching, he also does much name-calling. While this offends some, others find it humorous. As a matter of fact, many students eagerly await the annual return of "Brother Jed."

Jed's traveling companion is "Sister Cindy" Lasseter who often accompanies him. Cindy acts as Jed's back-up and preaches while Jed takes a break.

Sister Cindy belabors a point with a student.

Cindy points an accusing finger at a "sinner."

Brother Jed draws a crowd during his annual visit.

"I turn most students off. I don't doubt that for a moment, but Jesus turned most people off also." Jed Smock

## AN INHUMANE AND BARBARIC ACT

The Korean Student Association staged a demonstration on September 13, protesting the Soviets shooting down a South Korean airliner. The airliner, Flight 007, a civilian flight, was shot down on September 1, killing 269 people.

The association made speeches condemning the Russians for their inhumane and barbaric actions. The students who were gathered marched around campus carrying signs. After the march students formed a circle while holding hands and sang the South Korean national anthem. Finally, all bowed their heads in a moment of silence to remember the people aboard flight 007 and their families.

Mike Chi presents his case against the Russians.

Students wait for their turn to make their opinions heard.

### 182 DAYS 'TILL THE BEST EVER

Friday, September 16 kicked off the beginning of the 76th Annual Best Ever. From 1:00 to 5:00, students were shuttled out to Lions Club Park so as to avoid the friendly troopers that so love to party with us. The band Exploit provided the entertainment for the afternoon. The warm and sunny day put everyone in a party mood so the partying lasted all weekend with several organizations putting on street dances. The Board left everyone with high hopes and expectations of an exciting 76th annual St. Patricks celebration.

The crowd lines up for another draw of their "favorite beverage!"

Harry Frank hawks another Septemberfest button.

The crowd thickens.

Even the Hamm's bear felt "fine" after the party.

Norm Berra prepares to dance.

The frisbee players gather to toss the disk on a perfect September day.

The crowd gathers to listen to Exploit.

#### FALL FESTIVITIES

BRING COMPETITIVE

AND FUN-SEEKING

INDEPENDENTS TOGETHER

The independent's alternative to Greek Week, Independents Weekend, was held on the weekend of September 23 and 24. A street dance featuring the well known band, the Jetts, was held at Tech-Engine Club on Friday. Midway through the dance the candidates for Independents Queen was announced. Nancy Wussler of Thomas Jefferson Hall was crowned queen Friday night. Games and festivities were held out at Lions Club Park on Saturday.

Amy Noel and Nancy Wussler are announced as candidates for Independent's Queen.

Preparations for the party are made at Lions Club.

The Jetts liven up the crowd on a brisk September evening.

Dave Barton does his part to make the weekend a success.

A grueling afternoon workout with a frisbee.

#### INDEPENDENT'S WEEKEND QUEEN

#### NANCY WUSSLER

#### WHERE HAVE ALL THE JOBS GONE?

Missouri Industry Day is an annual event that allows students to meet with future employers. This interaction allows students to look into appealing companies and to find out what qualifications are needed for their particular field. It also gives the companies the chance to meet with prospective employees. Although employment opportunities may appear lean this year, 52 companies were present at Industry Day.

The Anheuser-Busch Company was a popular stop to see what qualifications were needed to join the company.

All the companies present had informative displays and representatives to answer any questions one may have.

A representative of the American Teletype Corporation explains the merits of his company.

Forest Service representatives speak with interested students.

Tony Evans of Proctor and Gamble speaks with Francois Faulkner and Reggie Burton.

A student learns of the advantages of going ROTC.

Students show their parents around campus.

A nuclear engineer demonstrates Missouri's first nuclear reactor.

### A TRIBUTE TO OUR PARENTS

This year Parents Day occured on October the eighth. Aside from the usual activities of the banquet, football game and tours of the campus, this year the Parents Association announced the first annual "Parents of the Year" award. This award was based upon what the parents have done for UMR students, the school itself or their community activities.

Students and their parents enjoy a Parents Day meal at the multipurpose center.

Parents give the Parents of the Year and themselves a round of applause at the football game.

Spectators enjoy the art exhibit in the UMR library.

#### CROUND BROKEN FOR ENGINEERING BUILDING

On a rainy October Tuesday molning, UMR's new mineral engineering building was designated

as Vachel H. McNutt Hall.

V. H. McNutt, for whom the building is named, was an alumnus, former instructor and a pioneer economic geologist. He discovered numerous oil, gas and potash deposits.

The building will house classrooms, laborator-

ies and offices for the departments of geology and geophysics, mining, geological, petroleum, ceramic, and metallurgical engineering.

The mineral engineering building will fill a longstanding need by bringing together all of the related mineral engineering and earth sciences. This will allow for more efficient use of space, up-to-date labs and equipment and interaction between students and faculty in related fields.

Sadly, shortly after the dedication, Amy Shelton McNutt, who dedicated \$2 million to the project, passed away. The commemoration lives on as a tribute to her as well as V. H. McNutt.

The dignitaries line up in preparation for the dedication.

Mrs. McNutt, or Mornma Mac, as she was affectionately known, was avarded UMR's first honorary doctor of humane letters degree in 1964. She was also an honorary Knight of St. Patrick and a member of the Order of the Golden Shillelagh at UMR.

Mrs. McNutt spoke at the dedication ceremony, wishing all students more years of happiness and education at UMR.

The recipients of McNutt or Dye scholarships get the chance to meet Mrs. McNutt.

Guthrie Skaggs greets Mrs. McNutt. Guthrie was the irst UMR student to benefit from the Vachel H. McNutt Memoral Foundation.

Spectators enjoy refreshments while they watch the game.

The board celebrates after scoring.

#### GREEN MEETS GRAY ON GRIDIRON

On Friday, October 21, homecoming was kicked off with the traditional green-gray classic. After numerous challenges, the St. Pats Board and IFC teams met on the fraternity row football field to do battle. Following a hard game, the Board emerged the victor with a score of 7-0.

The IFC team prepares for the next play.

IFC's Ed Dimitry is stopped by Jim Telthorst.

### COMIN' HOME

This year, homecoming festivities were on October 21-22. Alumni registration was Friday in University Center East, with the Silver and Gold Reception that evening. The M-club sponsored a bonfire on fraternity row with the homecoming dance immediately following. The 10 homecoming finalists were announced at the dance.

On Saturday, registration continued for the alumni. During halftime at the football game, Chancellor Marchello crowned Cheryl Smith homecoming queen. To top off the weekend, Gary U.S. Bonds performed at the Gale Bullman multi-purpose center.

Voting for homecoming queen takes place on campus.

Chancellor Marchello and Laura Pagano crown Cheryl Smith homecoming queen.

Fraternities decorate their lawns to show their spirit.

The Mistakes perform for the homecoming dance.

Students and Alumni enjoy the dance.

# THERE WAS NO MISTAKING A GOOD TIME:

# GARY U.S. BONDS ONE ON ONE WITH HIS AUDIENCE

Gary's strong vocals rock the multi-purpose building.

#### 1983 HOMECOMING QUEEN

CHERYL SMITH —
ASSOCIATION
OF BLACK
STUDENTS

IFC members talk to a future student about Greek living.

Chris Ramsey of AFS prepares a green sand mold for a casting demonstration.

Guided tours of the campus were given all day.

## TO BE A UMR STUDENT OR NOT TO BE ...

On October 29, the UMR campus was host to 900 prospective students and their parents, teachers and counselors. This annual event allows visitors an opportunity to become acquainted with UMR and the programs offered here. Guided tours are given of the campus and all departments have an open house to answer questions about their specific academic programs.

Students collect souvenirs of their visit to UMR.

Jazz I provides music for University Day visitors.

## NEVER TOO OLD TO DRESS UP

Halloween is the evening before All Saint's Day or All Hallow Day. This day became known as All Hallow e'en or Halloween. Our customs came from the Celtics who believed that their new year started on November 1. This marked the beginning of the season of cold, darkness, and decay. It was believed that the souls of the dead returned to their earthly homes on this evening. A New Year fire was started and animals were sacrificed. Costumes were worn by many of the people and fortunes were told by examining the remains of the sacrificed animals.

No longer do we determine our fortunes by examining sacrificed animals but we have adopted the tradition of dressing in costumes which is evident every October 31.

Halloween celebrants "enjoy" a new twist in drinking their blood red tea.

The Coors Light Beer Wolves await an unsuspecting passer by.

New Waver's show their true colors at Sigma Nu's New Wave Party.

New Waver's stop to pose for a picture.

Tamim Hamid enjoys Halloween with his harem.

Not knowing witch way to turn, L.O.V.E. received the proceeds from the Newman Center Haunted House.

#### HERITAGE RECOGNIZED

The Association for Black Students (ABS) at UMR presented a series of events in observance of Afro-American (Black) History Month. These events were designed so that those not familiar with black culture and heritage could learn about the black race.

The national theme for this year's celebration was "Black Americans and the Struggle for Excellence in Education." There are three main reasons this event is celebrated. First, it provides a feeling of unity between blacks on campus. Secondly, it educates the public to the achievements of blacks. And finally, it helps to alleviate problems encountered by blacks by developing a working relationship with the university.

This is the first year National Afro-American History Month has been observed on the UMR campus. Previously, there had just been a one-week observance, Black Culture Week. This year ABS voted to have the observance conform to the national event.

This year's celebration is the 21st observance nationally. It did not come into being until 1963, although it was proposed by black historian, Dr. Carter G. Woodson in 1929. Woodson's dream became a reality 21 years ago through the Association for the Study of Afro-American Life and History, which he founded.

Spokesman Clarence Wine, a doctoral student in counseling psychology and a counselor for the Minority Engineering Program at UMR, discussed the conflicts that arise among dual-career couples and how to overcome these conflicts in a presentation February 9.

Derrick Robinson was one of approximately 200 students who participated in Black History Month.

The month opened with Chancellor Joseph M. Marchello declaring February as Black History Month at UMR and inviting all to attend scheduled events.

One of the seminars held during Black History Month was "Black Women and Feminism," presented February 21. The discussion centered around the problems of minority women and ways to overcome the stereotypical restrictions placed upon them by society.

Congressman William L. "Bill" Clay spoke at the annual banquet of the UMR chapter of ABS held February 25. Clay said the commemoration of Black History Month should inspire racial pride as well as educate others about the roles blacks played in the development of this country.

The African Heritage Dancers, a black cultural dance group from the St. Louis Black Repertory Company, performed February 11.

Members of the Creative Arts and Expressions Laboratory of St. Louis presented a program of Prose and Poems February 15.

Janis Johnson stops for a moment of quiet conversation with her escort.

Clint Campbell and a friend take a moment and relax while listening to the band.

## MARDI GRAS SETS MOOD FOR MILITARY BALL

On Saturday, March 3, Pennant Hall was alive with the sight and sounds of the Military Ball. This annual event sponsored by the Department of Military Science is a semi-formal event open to students, faculty and the general public. Thirty coeds were nominated for queen with the winner being chosen by those who attended the ball. This year's ball was attended by Major General Richard M. Wells who is deputy commanding general of the U.S. Army Corps of Engineers and deputy Chief of Engineers.

Chancellor Marchello enjoys a dance with the queen of the ball, Mary Besterfield.

The 399th U.S. Army Band from Ft. Leonard Wood provided music for the dance.

#### LEADERSHIP, ADVENTURE AND MORE

The Army ROTC department and 1438th Engineer Company of the Missouri Army National Guard provided an open house for all interested students. This day attracted many students with its eye-catching displays and events. It gave students a chance to find out the advantages of UMR's Reserve Officer Training Program.

Not all learning takes place in the classroom.

A member of the M. P. K-9 Unit displays the effectiveness of his dog in thwarting an attacker.

A Raider demonstrates rappelling Australian style.

#### 2196 PINTS IN THE RED

The sight of blood may have made some queasy, but the Red Cross and many student volunteers bottled numerous pints of it during the four blood drives in Centennial Hall.

The drive was open to all students and members of the community but most of the donors were students. Two blood drives were held each semester and the turnout was always exceptional. So good, in fact, that UMR has retained the American Red Cross Traveling Trophy for the Springfield Regional Blood Center since 1980. The award is presented annually based on the highest percentage of students

donating blood from among collegiate campuses within the region. UMR should have no trouble retaining the trophy with a total of 2196 pints of blood donated this year. The Student Council wishes to thank all those who donated or worked. Your help was greatly appreciated.

Volunteers fill out information sheets for students who are preparing to give blood.

Some students had to be rejected for health reasons. Here a nurse checks a donor for an iron deficiency.

The reward of cookies and Coke served after donating, was enough reason for many to give.

Giving blood is just the first step in a long and complicated process. A staff from Red Cross headquarters in Springfield takes the blood, which is later distributed to area counties.

The Student Union Board is students programming for students.

Many entertaining programs and events are offered throughout the year. Included in this are movies, lectures, concerts, dances and other cultural performances. SUB is in charge of the Homecoming and St. Pats' concerts, Parent's Day, and On the Loose. They also sponsor indoor and outdoor tournaments such as ping pong, spades, and mud volleyball. SUB and the University's Applied Arts Department work together to bring many quality cultural performances to the UMR campus. The members of SUB have one common goal: to program quality entertainment for the UMR student body.

Centennial Hall set the scene for many SUB sponsored events. The Hot Shandy Comedy Act used their talents to amuse and entertain those who attended their performance on February 18.

With a gleam in her eye and fire in hand, Nancy Winkler prepares to assist a member of the Minneapolis Comedy All-Stars April 19.

"Russia's Secret Doomsday Weapons, World War III and You" was the topic for the evening of September 24, when Peter James, ex-CIA Agent spoke to a crowd of more than 300. After the two hour lecture, there was a lively question and answer session which brought up many inquiries concerning a student's part in controlling the arms race. He is the author of two books and travels 100,000 miles each year presenting lectures on six different subjects.

Bob Lyness waits for the players to place their bets before spinning the roulette wheel at SUB's Casino Night March 2. Participants received \$10,000 in fake cash at the door. Later that evening, prizes ranging from beer lights to bowling certificates were auctioned off.

The Cleveland Quartet made their appearance to UMR on November 14. They have come to be recognized as one of the world's greatest string quartets, and perform worldwide. The Fine Arts Committee of SUB made 100 free tickets available to full-time UMR students.

The First Annual Bike Thru Rolla Poker Run was held on a sunny fall day. It gave students the incentive to get out and get a little exercise in an off-beat manner.

## KAB

KIB

Rap

The Alpha Omega Players from Texas presented "6 RMS RIV VU." This performance filled the Cedar Street Center with comedy and romance April 13.

The versatile comedian Steve Landensburg appeared in Rolla May 3. He is best known for his character, Sgt. Arthur Dietrich, on the highly acclaimed TV series, "Barney Miller." Landensburg has been seen in his stand-up comedy routines on dozens of television shows ranging from the Tonight show to prime time specials.

Taking a break gives the participants a chance to watch the "big screen" as well as the crowd during the first Video Dance April 27. Having the DJ put a different tune up on the screen was a new twist to a SUB sponsored dance.

ACIB

KAB

# XIB

Gene Roddenberry, creator and producer of the original Star Trek television series, producer and executive consultant of the two Star Trek movies respectively, appeared at UMR February 29. His program included two Star Trek blooper reels and two short movies. Rodenberry's lecture was devoted to the positive future that we all have to look forward to.

The Rolla Fire Dept. provided their services April 14 to turn a section of the golf course into a mud bath. The outdoor recreation committee of SUB sponsored a mud volleyball tournament. Despite the chilly weather and rain, the turnout was exceptional and no one seemed to complain about getting a little piggish.

Just one of over 100 artistic events on campus was the Chicago Chamber Brass Choir, performing April 13.

# ST. PATS '84 WHERE INSANITY BECOMES REALITY

Determined freshmen attempt to bury their snake out of reach of the Board Reps.

Mops in position, the Alumni Reps get set to take on the Court in the battle for Pine Street.

Two enthusiastic St. Pat's fans demonstrate the newest game of crawl, puke, and fall tag.

Scott Mabie bestowes his graces on the crowd before taking his turn with Alice.

#### A WEEK FULL OF FOLLIES

It's a struggle to see who can put on the most sweatshirts in a minute. When time was called, Pikes had managed to stretch 26 sweatshirts on a single person.

Chris Cozort races to slip as many garters as he can onto Becky Brinkley's leg. The most garters in a minute was won by TKE with 41.

The novelty beard contest always seems to add something to the bearded men of Rolla as illustrated by Greg Kramer.

Darryl Colvin of TKE raises his hand in victory, as he takes first in the leprechaun look-alike contest.

An unusual second place finish in the greenest person contest was Desiree Rinehart as Boy Green.

#### PARADE HONORS AMERICAN HISTORY

A somewhat dreary Saturday in March set the stage for UMR's St. Pat's parade. Onlookers consisting of students, guests, and Rolla citizens viewed another success for this annual event. Paving the way for St. Pat was the St. Pat's Board with mops and buckets of green paint. Then came the Irish gentleman in his freshman powered manure spreader. Freshmen representing campus organizations pulled St. Pat and his Court through the streets of Rolla. Close behind were the various bands, floats, and assorted entries which added to the excitement of the event.

The theme of this year's float competition was Significant Events and Individuals in American History with Sigma Phi Epsilon capturing the first place trophy with their Tribute to the Pioneers. Sigma Nu seized the second place trophy with the Boston Tea Party, and Pi Kappa Alpha's General Patton received third place.

Kappa Sig's Clodsdales was one of the many non-float entries ranging from kazoo bands to the Fruit of the Loom Guys.

Sigma Phi Epsilon's Tribute to the Pioneers won them first place in the float judging.

The excitement of the parade is reflected in the eyes of a child.

Street cleaning Rolla style. The faithful Alumni Reps covered Pine Street and anything else readily accessible with their green paint.

# PHI KAPPA THETA TRIUMPHS IN THE GAMES

Time between the bat races gave the Board the chance to catch up on a few beers or to find out what's happening in the world. These "bat men" watched Campus Club conquer the men's bat races and Phi Kappa Theta capture the women's.

Dave Shipley slams a cold one for the Rugby team during the bat races.

No cheating now. Bluto makes sure the contestant keeps her nose to the bat, the bat to the ground, and ten times around.

Board Reps keep a close eye on the participants of the endurance chug. Kappa Sigma snatched first with Phi Kappa Theta closely behind with second place.

#### TRADITION PREVAILS

Master guards, John Voss and Scott Muskopf escort St. Pat, Michael Simms, into the knighting and coronation proceedings. Eight dignitaries were initiated as Knights of St. Patrick's Court at the formal St. Pat's ceremonies.

Honorary St. Patrick, James Kirkpatrick, dubbs Jerry Curless of Sigma Pi, one of 32 student knights honored Friday evening, March 16.

Monica Bishop was crowned Queen of Love and Beauty. Twenty-seven other nominees were present, representing various campus organizations.

# ALICE - THE MOST DESIRABLE GIRL IN ROLLA

The bigger the splash the better. Everyone had their own dress and technique as they met Alice for the first time, Saturday, March 17.

Trying to stay dry, Michael Simms and Monica Bishop take their honored positions as St. Pat and the Queen of Love and Beauty during the Alice ceremonies.

The stands were packed to capacity as the crowd eagerly watched the Student Knights encounter Alice.

Ken Turner gets a brisk faceful of water after his engagement with Alice.

#### GREG KIHN BAND

The Greg Kihn Band performed live, in-concert March 17 in the Gale Bullman Multi-Purpose Building. The 1984 St. Pat's Concert was presented by the Student Union Board.

The Greg Kihn Band is most famous for the song "Jeopardy" which has had a long history of success. The Greg Kihn Band completed their seventh album, "Kihnspiracy," in 1983.

When asked if things have changed since the success of Jeopardy, Greg Kihn replied with "obviously, they have. We now play in front of more people and have access to more opportunities. I look forward to the future."

Greg Kihn provided UMR students with an evening of invigorating entertainment.

Trying to get the best acoustics possible, preparations are made for the concert.

Warming up the crowd, "Champion" sang some of today's more popular tunes.

Though having prices that agreed with most students' budgets, the gym still did not maximize its capacity.

Whatever the brand, a steady supply of one's favorite brew is mandatory for St. Pats.

A crowd gathers to admire the many hours of workmanship that went into creating Sigma Phi Epsilon's cudgel. Sig Ep ran away with first place in the cudgel carry.

The annual Belly-up with the Board was held at various bars around town to prepare everyone for the celebration. This Belly-up was hosted by the Pubmobile.

### ST. PAT AND HIS COURT

Part of the tradition of St. Pat's is the arrival of St. Patrick and his Court on a railroad handcar. After arriving at the depot, they're off through the streets in the infamous manure spreader.

While watching their loyal subjects enjoy the games, the Court takes time to do their thing, whatever that may be.

Front Row: Greg Bolon, (Trumpeter) - Kappa Alpha; Pete Gullborg, (Page) - Beta Sigma Psi; Michael Simms, (St. Patrick) - Pi Kappa Alpha; Rich Gnecco, (Page) - Acacia; Dan Thriller, (Herald) - Phi Kappa Theta. Back Row: Christopher Woods,

(Guard) - Tau Kappa Epsilon; Thomas Michalak, (Guard) - TJ Hall Association; John Voss, (Master Guard) - Sigma Phi Epsilon; Scott Muskopf, (Master Guard) - Delta Tau Delta; Doug Millar, (Guard) - Sigma Nu; James Telthorst, (Guard) - Kappa Sigma.

The Plantation provided a grandstand for the Extravaganza and Games. The car was remodeled for the occasion, complete with a hole in the trunk for a keg and a new convertible top.

P.M. Magazine of Channel 2 took part in the arrival of St. Pat at the depot and covered the trek to 209 Tavern.

With all the drinking going on, portapoties became popular.

The Board Reps gather to watch the freshmen make campus safe for all during the first day of "snake season."

### ST. PAT'S QUEEN

MONICA BISHOP THOMAS JEFFERSON HALL ASSOCIATION

#### A CHANCE TO ADVANCE

Scouts assemble for instructions on where merit badge classes are to be held.

A short break for scouts working on their computer merit badge.

On Saturday February 25, approximately 700 boy and girl scouts attended UMR's Merit Badge University Day. This annual event is sponsored by Beta Chi Sigma, which is an international scouting fraternity. MBU gives scouts an opportunity to work on any of 24 different merit badges, mostly in engineering and science fields. This day gives the scouts a chance to earn badges that they might not ordinarily be able to get.

Interested women gather to listen to one of the eight lectures.

Drs. Riordan and Cogell speak with a participant of the series.

A SUCCESSFUL SERIES

The Continuing Education Office of the Arts and Sciences department sponsored a "Women at Work: Research and Experience" series last spring. This series featured eight different programs which included: "Going Sane in Midlife"; "Sexual Harassment"; "An Evening of Music"; and "Alcoholism", just to name a few.

Dr. Riordan, co-director of the series, describes the series as presenting expert information relevent to the work women do, both in and out of the home. She sees the series as a success as evidenced by the over 200 people who were present at the last program.

#### ALL GREEK ALL WEEK

The runner breathlessly approaches the monument; reaching up with a torch in his hand, he lights the Olympic torch and the games begin.

No, this is not the 1984 Olympics in Los Angeles, instead this was the beginning of the 1984 Greek Week Games. This is the biggest event of the year for fraternities and sororities in which they come together as a whole in Greek Week.

The main function of Greek Week is to promote unity among the Greek organizations, exhibit the qualities of fellowship, cooperate on a major community service project and provide several social activities for members.

All week long, special events take place, but the highlight this year was the Greek Carnival. Approximately 20 carnival booths provided students and the public with an opportunity to try their skills and luck at a variety of games. All the proceeds were given to the Rolla Cerebral Palsy School.

The rest of the week's events included the selection of a Greek Week Queen, Melanie Majors, a softball game, a benefit movie at the Ritz Theater, an awards banquet, a Greek dance and chariot races at the Greek Games.

The end of the week is saved especially for the games. The games represent a modified version of the ancient Greek festivities which gave Greeks the chance to compete and have fun.

This year TKE captured the trophy for winning the games overall.

Mary Gielow and JoAnn Connors offer a sisterly hug to Vicki Lapp, Greek Week queen finalist.

Darryl Colvin, representing TKE, is bestowed with the honor of lighting the Olympic torch.

Vicki Lapp towers over Chi Omega's pyramid during competition at the opening ceremonies on April 23.

GREEK WEEK GODS AND GUARDS First Row: Joe Lambing (Hephaetus) - Pi Kappa Alpha; Dave Thomas (Gyes) - Kappa Alpha; Kevin Lyons (Zeus) - Tau Kappa Epsilon. Second Row: Gary Jones (Hermes) - Beta Sigma Psi;

Martin Berutti (Briareus) - Kappa Sigma; Fred Kneisler (Dionysius) - Sigma Tau Gamma; Rolla Mayor Floyd Ferrell; Todd Reidt (Kottus) - Sigma Phi Epsilon; Terry McCrate (Hades) - Alpha Epsilon Pi.

### A WEEK OF FUN AND FRIENDS

Lisa Jones, Teresa Conwell and Leslie Drum await the gods' decision during the Female Greek Physique contest.

UMR women found an abundance of ways in which to decorate their togas for the Best Greek Costume contest held as part of the Idi-Odysseys on the Hockey Puck.

The men's Greek Physique contest drew a huge crowd of envious UMR men and admiring UMR women.

Over 1000 hours of work paid off when Kappa Alpha seized first place for their chariot during Greek Week.

Raising a toast to Greek Week '84, these sorority sisters join together to salute the Panhellenic mini-Olympics.

Chariot judging began the week's festivities April 23. Chi Omega was one of many Greek organizations to create and design a chariot "fit for a God."

With a flip of the wrist and a bit of luck, Lisa Jones aimed for her mark and took third place in the frisbee accuracy throw.

# GAMES PROVIDE FRIENDLY COMPETITION

Giving their all in the tug of war contest, Kappa Alpha and Sigma Pi receive plenty of support from their fraternity brothers and the crowd.

Basking in the sun, the Greeks took advantage of the warm weather and the chance to work on their tan.

Delta Tau Delta battles it out with Triangle in the 3-man volleyball game. Competition was stiff in all of the games but Tau Kappa Epsilon captured the overall trophy once again.

Everyone traveled to Elysian Fields to take part in the Greek Week games on Saturday afternoon.

### APHRODITE — GREEK WEEK QUEEN

#### MELANIE MAJOR KAPPA ALPHA

The Editors would like to extend their apologies to Miss Melanie Major, the Brothers of Kappa Alpha, and the InterFraternity Council for the meager quality and quantity of coverage of Miss Major.

#### TAKING A DRAMATIC PAUSE

The University of MO-Rolla theatre program put out its first play of the year on Nov. 17-19, 1983. "Miniatures", a series of one-act plays and monologues included "The Son Who Hunted Tigers in Jakarta", "Mixed Doubles", and "The Square Root of Love", added some variety to the evening.

The second of their productions came in March, providing audiences with "Pure as the Driven Snow". This play was a typical melodrama in which the pure and downtrodden heroine was pursued by the black-hearted villain.

With time being short, the students in these productions put in valuable time to make them a success. Still, with all their school work and other activities, they managed to stage one last play before the close of the school year. In April, the UMR theatre presented "Minor Sampler No. 4". This was a one-act melodrama that was performed and directed by the members of the guild. The students wanted the chance to perform once more and do it "just for the fun of it".

With this kind of enthusiasm and dedication, the year was a success for the theatre guild. Live theatre productions gave the UMR student population an opportunity to take a dramatic pause.

Mortimer (Greg Pyle) threatens Purity Dean (Amy Noel) into running off and marrying him.

Leander Longfellow (Mark Drews) tries to convince Purity Dean not to leave.

Mortimer and Jed (Tom Lowder) scheme to take possession of the Uland Inn.

Steven (Greg Pyle) and Gail (Sue Mehring) portrayed two serious graduate students in psychology who decide to do an experiment on falling in love. "The Square Root of Love" was the last of one-act plays in the UMR "Miniatures" production.

"The Son Who Hunted Tigers in Jakarta" depicted a confrontation between Charles Ferris (Scott Webster) and the intruder, Mr. Sweeney (John Nealon) in the early morning.

Angela Murch and Carl Goetz presented the "Resting Place," a monologue about a couple in their 80's.

#### **EXPRESSIONS**

At UMR, engineering is not the only interest of the students. Every student has his or her own way of getting away or doing something different than just schoolwork. Some enjoy sports or join several of the clubs on campus. But others find music a great way to express the creative person found in each of us. The music

The marching band performed pregame and halftime entertainment at home football games.

Alice Gilbert concentrates on her music during a University Choir and Orchestra production.

department offers the students a wide variety of paths to choose from.

If singing is your forte, then the University Choir is an excellent place to express yourself. Or if a musical instrument is the best thing, then deciding on which direction to turn will be the problem. The choice may come from Jazz Band, Wind Ensemble,

Concert Band, the Orchestra, Marching Band and the Collegium Musicum. All of these are a favorite and a great amount of pride goes into these organizations, so if performing in your spare time sparks any interests, then the University Music department has something to offer you.

Under the direction of Joel Kramme, the 73 members of the choir combined their voices to perform Brahm's "German Requiem."

Percussionist Katy Marchello and vocalist Nancy Haynes, find musical rewards by expressing themselves in different manners.

The UMR Jazz Bands performed concerts throughout the year as well as special events such as Parents Day and University Day.

Seasonal music was performed by the University Choir and Orchestra in their winter concert held December 4 at the First Baptist Church in Rolla and the Main Post Chapel at Fort Leonard Wood.

The spring performance was the culmination of hours of practice for altos Nelda Branschweig, Wendy Belton, and Cathy Boiles.

For those who enjoy a more upbeat style of music, UMR offered three jazz groups. Jazz I and II finished off the year with a concert given April 25. Selections from contemporary jazz literature as well as some tunes from the "Big Band" era were performed.

## UNCOVERED ACTIVITIES

Taking a shot at the card brought one lucky winner a turkey from the ROTC Turkey Shoot.

Kappa Sigma was one of nineteen fraternities and sororities that participated in the Greek Sing sponsored by the Interfraternity Council.

Sigma Pi fraternity member, Rick Bennett, donated his time for the KTTR/L.O.V.E. radio auction, April 30.

The Board presented the St. Pat's '84 Fun Run March 3. The 3.1 mile race began at the Ber Juan Pool, with the proceeds from the \$2 entrance fee going to the Rolla Cerebral Palsy School.

Kevin Renfro, Student Council president, spoke at UMR's Founder's Day, February 25. The Founder's Day program emphasized the people and events that have been a part of the school during its 114-year history.

UMR hosted the 28th Annual South Central Missouri Science and Engineering Fair held March 23 and 24. Student organizations helped make the event a success by judging the various entries.

# ORGANIZATIONS

#### ORGANIZATIONS INDEX

| Honor and Music                   | 113 |
|-----------------------------------|-----|
| Little Sisters and Inter-Cultural | 119 |
| Professional and Service          | 127 |
| Special Interest                  | 131 |
| Publications and Media            | 141 |
| Religious and Social              | 145 |
| Engineering and Scientific        | 151 |

Matthew Koebbe kicks back and listens to some tunes in engineering at KMNR.

Patrice Malone and Pamela Graves relax after an enjoyable meal at the Association of Black Students fall buffet.

The UMR Pep Band plays at a women's basketball game to keep the high spirited atmosphere at a peak.

Luckily this fair young lady was found by the gallant, fun loving brothers of Alpha Epsilon Pi.

I would also like to thank the Activities Office for their patience and understanding shared with me throughout this year. They helped by listing and recognizing all of the organizations that I asked about this year. This office has made my job a lot easier - I thank you for it. I would also like to thank the students who are members of any organizations. If it were not for these members and their sponsors this section would not be in existence.

Amy Noel caught the spirit of the evening at the Independents weekend dance.

Roger Bennett presents his paper bridge before he tests it as a part of the ASCE Paper Bridge contest.

This well derrick is kept painted by the honor fraternity of Pi Epsilon Tau.

Students that are outstanding in their studies of a certain major have a chance to be seen as an "Honorable student." There are 18 honor groups that are made up of students who have really excelled in their studies. They applied and were accepted in to one of the groups. This is an outstanding honor in which every student should try and belong to. When you finally graduate and start looking for a job, the companies are really impressed when one of the 18 honor societies are listed on your resume.

This pledge works diligently to get his bent polished so that he can put it on his Tau Beta Pi plaque.

Being a member of an honor society does not mean that you have to study all of the time. As you can see, Tom Lonski and Sharri Riggs are definitely not studying.

When pledging an honor society you are often asked to make a plaque, this one is representative of the ones made for Upsilon Pi Epsilon.

Whenever the cry of "FOOD'S READY" is called, no one wants to be left out at the choir and orchestra picnic.

The little sisters of UMR are a very special group. Coeds from the campus unite in friendship and join together to support a particular fraternity. They support them in their studies, in community and fraternity activities, and they are always there to be a friend. Years down the road, the little sisters and their big brothers will remember the friendships that were formed because of the little sister organizations. These friendships will last a lifetime for those involved.

To help spread the Easter spirit, the Crescents of Lambda Chi Alpha sold cupcakes. Chris Fenner admires the beer can collection at Sigma Chi.

The men of Beta Sigma Psi entertain their prospective little sisters with a multitude of refreshments.

Only at Pi Kappa Alpha's little sister rush parties can you hear a story told by the infamous Jeff Lambing.

Above Left: International Day helps people from many countries to intermingle. People of every culture and race can have fun at gatherings such as this one.

Left: Names were not available at the time of publication.

With UMR being known worldwide, it attracts students from a variety of cultures. These students come here not use to the "American way of life." These students are given an opportunity to join an inter-cultural group that best suits their needs and desires. These groups give their members reassurance and make each other feel more at home in Rolla. These students then take an active part in the campus and community life at UMR.

International Day gave people from different ethnic backgrounds a chance to sample various foods as well as exchange conversation.

The Vietnam Party provided music and entertainment for Vietnamese students and others on our campus.

Indian Culture Night provided everyone with dance and entertainment native to India.

#### VETERANS CLUB

UMR sponsors over 45 special interest groups. These groups range from interests dealing with a physical activity such as hang gliding to common interests such as the Association of Women Students. These groups come together knowing that each member has something in common. This common bond is just a start in the friendship that can be formed. No matter where your interest may be, there is some type of special interest organization for you to join.

The MSM Climbing Club often finds themselves in unpredictable situations.

Goldminer Dana Williams finishes up a routine during a men's basketball game.

The UMR Rugby Club outplayed SEMO, Principia, and UMC to win the Missouri Collegiate Rugby Championship and the opportunity to play in the Westerns tournament at the Air Force Academy in Colorado.

## ROLLAMO

Everyone has reservations for this flight, to board, just set your dial for 89.7.

During the middle of a song, this KMNR DJ finds time to take a break.

Robert Gadson prepares for his next news break on KUMR located on the ground floor of the library.

With all of the organizations on the UMR campus, there are a lot of activities going on. The ROLLAMO, KMNR, and the Miner are the official publications of UMR. These groups try and give an accurate look at all of the activities on or off campus. These activities may include rush parties, civic activities, charity drives, or even special recognitions of students or professors.

Swan Park, Sandy Sonderman, and Steve Shinn blow off steam at the ROLLAMO staff's fall party.

The award winning, fabulously equipped darkroom of the Rollamo.

A new addition to the ROLLAMO staff was the appearance of an earring in Harpo's (Mike Schlumberger's) left ear.

UMR has organizations that help you in every aspect of life - that includes the student's spiritual well-being.

There are organizations that cover 10 of the religions on campus. These groups represent those with preferences such as Baptist, Jewish, Lutheran, Christian Scientist, and others also. These groups usually have a common faith. They unite together in fellowship, studies, intramurals, and civic duties. Several of the organizations have participated in community projects such as the annual Thanksgiving dinner, car washes, and clean up days. These groups are usually supported by an area church and we would like to thank these churches.

Kieth Fiebig and Neal Stanton take a unique approach to passing a spoon through their clothes at a Baptist Student Union fellowship.

The BSU's annual fall semi-formal dinner really added some class to Rolla's McDonalds.

The Voices of Inspiration, affiliated with BSU, are performing in the United Methodist Church at Rolla. The United Methodist Church sponsors the campus ministries of the Wesley Foundation.

Right: Names were not available at the time of publication.

#### SOC. OF WOMEN ENGINEERS

UMR is known for being a hard school academically, but along with the "hard studies" come the study breaks. The organizations that are involved in the social aspects of campus life this year did a great job. These groups gave students a break from the long hours of Thermo or Calc or the ever present Physics.

Everyone gets the urge to do a little serious gambling some time or another. These people got their urge at an opportune time: the Student Union Board's Casino Night was there to relieve their urges.

One way to get school out of your head is to go to a little sister rush party, as Diane Butrus finds out during this Alpha Epsilon Pi little sister rush party.

Even the St. Pats Board reps let down their hair every once in a while. Here a Board member and an IFC member battle in the Green vs. Gray football game which is held each fall.

UMR's experimental reactor lets our Nuclear Engineers have "hands on" training with reactor controls.

AFS member Chris Burroughs shovels sand through the separator in order to get debris-free sand for more ashtray and paperweight molds on University Day.

The first place bridge from the ASCE Paper Bridge Contest was made by Ryan Howard.

What would an AIME pig roast be without the pig?

Wayne Huebner from the Ceramic Engineering Department conducts a demonstration during University Day.

And you thought it was tough dissecting worms in high school.

At UMR, there are over 25 Engineering and Scientific organizations. These groups are made up of students in like fields that have applied and been accepted by the organization. They present a view of what it really is like in the "real business world." The groups invite well-established speakers in their particular fields to address the group on what it is really like. The groups also hold discussions on particular topics that are important in their field of study. These groups give their members an accurate view of what their study is all about. Each organization gives its members a chance to reflect and see if this is really what they want.

The Drill team performs regularly at basketball games.

Everyone has a good time at the Independent's Weekend dance.

Even though the flatball flyers aren't represented in a group shot, the spirit lives on.

Bob Lyness of the Student Union Board tries to keep our ears intact by running the sound board at the SUB events.

The Sports Car Club gives students with racing ability and a car to match a chance to flex their muscles.

The Student Union Board's Casino Night is serious business to some people.

The cheerleaders add a little spice to the football games.

I would like to give a few more thanks. First to Karol, who had patience and understanding when deadlines came. She always had a sense of humor during the hard times. The photographers I would like to thank for their devotion and time when it came to keeping appointments. Last but not least, I would like to thank my assistant, Ryan Hodges, for all he has done. For the caring and love he showed, even when I was grumpy at deadlines. Without these people this section would have been a complete failure - to them I owe a lot.

Chris Colona, a 134 lb. senior was named Most Valuable Wrestler.

Pat Bain concentrates as he waits for the action to begin.

Greg Vetter ties up his opponent during an UMR wrestling match.

#### DINSDALE PACES GOLF MINERS DURING HIS SENIOR SEASON

UMR's senior golfer Kent Dinsdale ended his Minor career in fine fashion in 1984, leading the team and gaining squad MVP honors for the fourth straight year.

Dinsdale culminated the season with a 75-72 . . . 147, good for medalist honors in the MIAA Tournament. This action qualified him for NCAA II Nationals for the fourth straight year.

As a team, the Miners won their UMR Best Ball Tournament for the second straight year. Other top finishes came in the Lincoln Tournament (second place) and the Southwest Missouri Invitational (third place).

Dinsdale is the only performer lost to graduation from the 1984 squad, as golfers Rob Lorey (junior), Scott Peterson (freshman), Jerry Daues (junior), Tim Hennessey (sophomore), and Mike Martin (junior) all return.

Trap and Skeet Team participants: Chris Johnson, Don Price, Alan Corzine, Randy Braqier, Mark Henderson and Dan Groves.

## TRAP AND SKEET TEAM

UMR's Trap and Skeet teams competed in the Association of College Unions-International National Intercollegiate Trap and Skeet championships, April 15-18, in Atlanta, Georgia. The Trap team won second place in the American Trap event with a score of 857 out of 1,000.

For more than 1100 men and women, fraternities and sororities are a way of life. Each Fall these students return to their houses to continue the brotherhood and sisterhood that the Greek life offers.

The Greek letters symbolize many things and members display their letters proudly. Greek letters can be found on anything from such traditional items as clothing and buttons, to some nontraditional items as stationery, glasses and bumper stickers.

The Greek life is a busy one. Greeks participate in many aspects of campus life. Almost every organization on campus has Greek members and Greeks enthusiastically support campus gatherings such as field days on campus, Homecoming and St. Pat's festivities. Greeks raise money for various charities through their philanthropies and also sponsor community clean-ups.

With all their hard work, Greeks still know how to relax and enjoy each others company. Parties may range from formal, and semi-formal to costume, theme or just "come as you are". Whatever the dress may be, this part of their social events is just a part of Greek life.

With all their activities, Greeks still find time to study, and scholarship is stressed in each house. Through all these events of college life, here at UMR, Greeks experience and provide that unifying element.

# GREEKS PROVIDE THAT UNIFYING ELEMENT

# 66ALL NIGHT LONG ??

Here at UMR, parties are considered a very relaxing way to spend an evening, preferably on the weekend. But what better way to enjoy the weekend after a trying week of Thermo, Calc, and Mechi-Mat tests. Celebrating the passing or the failing of a test is not always the case. Some people go to parties to see those friends that have been hiding in a lab or behind a book all semester.

Once those friends get together, dress up or dress down, whatever the occasion may be, and once they walk through the doors of a celebration, the party begins. The crowd forms, people begin to dance and liquor is served. All the makings of a good party. Fighting the crowd and the lines to the beer tapper seem insignificant to the goal of having a wonderful evening.

Though parties may range from a

TGIF, to an open campus party, theme parties have their own place in the Hall of Fame of College memories. It is the only party that people can go to and fit in no matter how they dress. And dressing right is an important feature in following the theme name of "Toga", "New Wave", "Pajama", or "Western". This is what makes it easy to party "All Night Long".

#### GREEK ORGANIZATIONS SHARE THEIR BROTHERLY AND SISTERLY BONDS BY DOING

# SERVICES ABOVE AND BEYOND

They walked all day, danced all night and collected clothes, toys, newspapers and canned food in between. With the number of fundraisers and philanthropy-oriented activities on campus, students could spend their entire college careers raising money for their organizations.
The Greeks sponsored numerous

fundraisers, often working harder for these events than they did for

Road Blocks are among the most popular of fundraising projects. Sigma Pi raised \$1000 for Multiple Sclerosis; Zeta Tau Alpha raised \$400 for the Association of Retarded Citizens; Delta Sigma Phi raised \$1300 for March of Dimes all through road blocks.

Parties and outings are some of other ways the local fraternities and sororities can help the moral as well as the financial status of the local charities. Sigma Nu took the kids of the Gingerbread House trick or treating and Chi Omega held a party for the state school on Halloween.

Many of the events held for these charities have been held for several years in a row and are becoming well known traditions. Tau Kappa Epsilon joins in each year to cheer the participants of their annual TKE Keg Roll for St. Judes Hospital for Children, on to the final destination. The runners start in Minneapolis and roll a modified keg to the finish line in New Orleans. The Beta Eta chapter of Tau Kappa Epsilon donated \$600 for the event. Another well known event is Lambda Chi Alpha's "Night at the Fights" which gives some of the college amateurs a chance to show their strength.

L.O.V.E. (Local Organizations for Various Emergencies) was the recepient of several of these fundraisers. Kappa Alpha Psi and Delta Tau Delta held canned food drives, Sigma Pi sold L.O.V.E. mugs, raising \$440 and Phi Kappa Theta donated \$200 from the proceeds of their all-campus party.

Through these and other fund-raisers, organizations and Greeks promoted community involvement and brought their members closer together.

#### ACACIA CELEBRATES 25TH ANNIVERSARY

1983-84 was a memorable year for Acacia celebrating their 25th Anniversary here at UMR. Their celebration consisted of a banquet and an Alumni tea. During the banquet, the first president of the Rolla chapter of Acacia told them of the good-ole-days at the Missouri School of Mines.

Though most of the year was devoted towards their anniversary, they planned an open campus party which helped round out the year. This "Rehumanize Yourself" party had a good turnout, but whether or not anyone actually "Rehumanized" their self is still unknown.

Working together on events like this made them grow closer.

J. Priesmeyer, K. Julian, M. Jost, J. Hunt, K. Snyder, C. Kent, D. Dankelson, R. Gnecco, E. Holdman, L. Loy, T. Deems, A. Thompson, N. Wolfman, T. Lewis, R. Dobson, N. McMahan, J. Simpson, C. Way, K. Strohm.

# ALPHA EPSILON PI PULLS TOGETHER TO BECOME INTRAMURAL Working as a unit and pulling

FOOTBALL CHAMPIONS

Working as a unit and pulling together this year made Alpha Epsilon Pi #1 in the intramural football league. With team spirit and enthusiasm, 1983-84, was a memorable experience.

Little sisters helped the year along sponsoring booze-raffles and little-sister rush parties. With this family tie of brothers and sisters, parties and get togethers were an enjoyable event.

Other events occupying their time were open campus parties and a meat raffle. This raffle enabled the pledges to build a bar for the house, adding a touch of their personality.

Row 1: S. Sheets, D. Kiehne, D. Pate, J. Wallis, M. Overturf, P. Martin, D. Arnold. Row 2: J. Brands, D. Haverstick, M. Coday, M. Stein, T. Kempf, T. Figliola, T. Brady, J. Toton. Row 3: M. Peterson, R. Murphy, T. McCrate, C. Creamer, C. Thurmon, R. Ramsey, P. Allen, T. Funke. Row 4: R. Miller, C. Maurice, S. DePauw. Row 5: A. Maly, J. Kirn, R. Portman, S. Yeager.

# STILL GOING STRONG

The Epsilon Psi Chapter of Alpha Phi Alpha fraternity has made a special effort this year to let the people of UMR realize that they are as active as ever.

Though they relinquished their house due to a decrease in in-house members, they continued being active on campus by participating in IFC, Greek Sing, Student Council, Gamma Alpha Delta Service Fraternity, intramurals, various student organizations and professional societies.

They rounded out the year with a celebration of the founding of their fraternity, 77 years old, as of December 4, 1983.

Through their hard work, it shows that the chapter is more than a fraternity house; it is a group of very proud men striving to become professionals and they shall continue to keep growing strong.

Crest not available.

Row 1: V. Young, Row 2: D. Ward, L. George, H. Collier, K. Pruitt. Row 3: R. Gadson, B. Young, R. Stallion. Row 4: E. leans, G. Skannal, C. Wine.

#### THE FRIENDLY MEETING PLACE

Beta Sig is not always the partying place, so when they are not sponsoring campus events, they are helping the local charity organizations. They are always willing to offer anyone a helping hand, whether it is just helping a friend or helping the elderly people around town. Whatever the event, Beta Sigma Psi is a "Friendly Meeting Place."

## DELTA SIGMA PHI PUT SPIRIT AND ENTHUSIASMINTO WINNING THE

12TH MANAWARD

The 12th man award is given to the organization that shows and participates in the most spirit and support for our Miner football team. This year, the organization that was honored was Delta Sigma Phi. And they rightly deserve the honor which this award bears.

Delta Sig's brotherhood, love and care was also displayed in their many road blocks sponsored for the March of Dimes. And through the closeness that binds their fraternity, that closeness is also shared with the Big Brothers and Big Sisters of Rolla. Each year they have a Christmas party for them and this year was no exception.

After reading this, Delta Sig may seem more like the red cross of fraternities than a fraternity of Rolla, MO. But just like all fraternities, they enjoy themselves through parties and other activities. Their infamous toga party was again a great success, turning hundreds of students into sheet lovers.

With this kind of dedication, it is no wonder that college is a great place to be.

Row 1: L. Linsin, J. Schilling, K. Turner, M. Murphy, R. Acosta, T. Lowder, J. Kinderman, J. Faust, K. Semsch, L. Covington, J. Tucholski, D. Rubery, J. Droste, Michelob, R. Kelley, B. Olsen, D. Wilbers, W. Kohm, J. Wolf, J. Gassel, S. Armistead, A. Kott, J. Hicks. Row 2: R. Hodel, R. Ott, S. Humpert, M. Lenhardt, B. Kramer, R. Richmann, B. Davis, S. Deposki, D. Schledorn, J. McGillivray, J. Carter, B. Lonowski, B. Richmann.

#### DELTA TAU DELTA WORK TOGETHER

During the rest of the year, if the weather was nice, they would go on a repelling trip. But then again, most of the year seemed to be cold and rainy. On some of those days, snow happened to add variety to life. And of course, with snow comes shoveling snow — an exciting part of winter.

To forget about classes or even the weather outside, parties were planned or they would just set up their own private party in one of their buddies rooms. Whatever they did, working together or partying together made everything seem easier.

Row 1: D. Kniepkamp, J. Alles, P. Isakson, G. Stuesse, Row 2: D. Hose, J. Fox, Astro, B. Kettler, D. Westermeyer, C. Greenwood, T. Pallsch, A. James, R. Weber, R. Faber, J. Powell, C. Thomas, S. Bretzke, K. Hauser, J. Behrman.

# SOUTHERN GENTLEMAN

Kappa Alpha fraternity was founded at Washington and Lee College in Lexington, Virginia, in 1865. The spiritual founder of Kappa Alpha fraternity was Robert E. Lee, General of the Confederate forces in the Civil War.

The Beta Alpha chapter attributes its success to a pleasant combination of philanthropic and social events, while maintaining a superior relationship among its many alumni.

A main event this year was a Vegas Night sponsored by Kappa Alpha during Little Sister Rush week. The evening provided a casino, a marriage-divorce room, and to round off the evening, the men of Kappa Alpha performed as showgirls, giving them a chance to "strut their stuff".

After initiating the Daughters of Lee, the men of Kappa Alpha joined the little sisters to make a team for the mud volleyball game sponsored by SUB, which proved to be a great time.

### STEPPING OUT

On January 5, 1911, Byron K. Armstrong and Elder W. Diggs joined with eight black students at Indiana University to found Kappa Alpha Psi Fraternity. The fraternity's byword, "achievement," carried quickly throughout the United States. Today Kappa Alpha Psi boasts 45,000 members in more than 200 collegiate institutions in some 200 cities in the U.S. and 2 foreign countries.

In addition to their efforts in the area of educational and occupational guidance, the local chapter awards more than \$1000 per year to deserving high school seniors and college undergraduates and graduate students. The fraternity has recently enacted legislation to establish a Revolving Student Loan Fund for emergency loan assistance to students.

The main event of the year was not a nationally sponsored project, but an annual event located here in Rolla. This year Kappa Alpha Psi declared a proclamation for Kappa Week, which was signed by Rolla Mayor Floyd Ferrell.

Kappa Week is a week filled with activities including Kappa Kandy Day, Kasino Night, seminars, Family Day, a sweetheart ball, parties, and award ceremonies. Activities such as these gave Kappa Alpha Psi the chance to step out.

Row 1: M. Blackburn, D. Samples, K. Matthews, R. Smith, C. Joshua, I. Ituen. Row 2: E. Ituen, S. Jones, D. Moten, J. Holliday.

#### GETTING BETTER ALL ALONG

Kappa Sigma has made the 83-84 school year a successful one. Combining the brotherhood of their organization, they sponsored activities off campus as well as on campus. Their annual White Castle party was another success this year, providing many students with those long-awaited "Belly Bombers".

Other parties provided good music, good company, and good beer — all the makings of a good Rolla party.

In the course of the year, Kappa Sig set aside the good times and concentrated on improving themselves academically.

### THE BOXING CLASSIC

The brothers of Lambda Chi Alpha take pride in all of their activities both on campus and in the Rolla community.

They held most of their annual events which included little sister rush and their Lambda Chi Alpha boxing classic. The boxing classic was a success, providing an enormous amount of money for several charities.

Lambda Chi Alpha had a successful rush during the Fall and Spring semesters, culminating in the arrival of numerous new associates.

Row 1: J. Loiacono, R. Jaffes, D. Luther, R. Cooper, R. Butler, S. Lombardo, Brandy, C. Bernhard, D. Randolph, D. Burroughs, M. Ferris. Row 2: J. McDonnell, P. Meyer, P. Kendzior, S. Wilcox, M. Dingledine, J. Anderson, N. Clinch, J. Sabo, D. Maisch, S. Hintz, T. Gibbons, M. Lemke, J. Lickenbrock, R. Meyer, G. Feagan, M. Davis.

#### PI KAPPA ALPHA CAPTURES ST. PAT'S TROPHY

Through spirit and hard work, this year's 76th annual St. Pat's festivities were a success for Pi Kappa Alpha, who won first place overall. But, as everyone knows, there is more to UMR than St. Pat's and Pikes show how this is true.

Busy with their GAD project this year, Pikes made two trips to Springfield, MO to restore a church. Other projects included building a patio as a pledge project and publishing the annual Pike calender.

Picnics and parties sponsored by the little sisters helped the house to have a more relaxing year. Little sister rush, including a Western night and a wine and cheese party, were a success, adding members to the Sisters of the Shield and Diamond.

Working together, the brothers and sisters of Pi Kappa Alpha made the year a success.

Row 1: D. Ray, T. Mucker, J. Lambing, C. Schmidt, A. Bess, D. Montgomery, T. Shaughnessee, J. Drury, P. Powell, T. Casagrande. Row 2: J. Gende, M. Manzonelli, M. McLaughlin, J. Held, J. Pisoni, J. Warner, C. Brauer, D. Franklin.

#### SIGMA CHI INSTALLED

On August 27, 1983, the 181st chapter of Sigma Chi was installed on the campus of the University of MO - Rolla. This was the culmination of two-and-one-half years of hard work and dedication by the brothers of the local fraternity called Sigma Chi Mu. After approval by the International Headquarters and 180 active chapters of Sigma Chi, Sigma Chi Mu was chartered as the Theta Eta chapter of Sigma Chi. The chartering of Sigma Chi was a long, hard road to success, but well worth the time and effort.

The new chapter of Sigma Chi started out the year with a "Mu"tilation party, little sister rush and ended the year

with their annual Air Band Contest.

At present, Rolla's Sigma Chi's are working hard to establish their chapter as a strong and enduring fraternity at UMR.

Row 1: G. Schoerberg, D. LaChance. Row 2: D. Roberts, S. Pitti, D. Fahey, D. Rhea, J. Shadley, R. Kindred, S. Taylor, D. DeHart, J. Gasser, D. Milhouse, F. Meyer, J. Wallinger, T. Quigley, M. Giddens, D. May, J. Krack, C. Camplin, D. Jacoby.

#### ACADEMIC ACHIEVEMENTS SHOW THROUGH AT PHI KAPPA THETA

Academically, Phi Kappa Theta worked together for the highest grade point average on campus for the second semester in a row. Their hard work throughout 1983 paid off.

Grade point averages weren't the only thing on their list of achievements, as they were recognized nationally with an Honorable Mention for their national award, the Founder's Cup. This Honorable Mention signifies the UMR's chapter is one of the best in their organization.

Other activities at Phi Kappa Theta may not have been awardwinning, but were great in their own way, as they hosted open campus parties, St. Pat's festivities, and little sister activities.

Through these events, it's shown that Phi Kap's can party, as well as study.

#### PI KAPPA PHI

#### DEVOTES SCHOOL YEAR TO RECRUITMENT

To join in with all the fund-raisers on campus Pi Kappa Phi is sponsoring their own project which includes an on-campus wheel chair push-a-thon. This is a PUSH (Play Units for Severely Handicapped) project for their National Philanthropy.

Through all their hard work and effort in making Pi Kappa Phi a well-known fraternity, hopefully next year will be a success for them.

#### SIGMA NU COMBINES THEIR BROTHERHOOD AND PUTS FORTH A SPECIAL EFFORT

Sigma Nu made a special effort in rounding out the year. They participated in everything from intramurals to helping out the local handicap schools. They took the kids from the Ginger Bread house out on an adventurous Halloween.

Their services were not only put into the handicapped, but with their extra time, they shared their love once more with the little sisters of the house. Together, they would participate in extracurricular activities of volleyball and building Homecoming displays. Whatever the occasion, they seemed to enjoy the company of their family.

If you couldn't find them at home, then the next best place would either be out on the football field giving the Miners a boost of enthusiasm or they would be planning the best party ever. "Best" may not be the right word, but maybe "the Weirdest" or "most bizarre" would describe their New Wave party a little better. Whatever the description, they would make their mark on college parties.

Putting forth that special effort does show, if only in their smiles.

Row 1: L. Payne, J. Todd, B. Sucher, K. Reilly, M. Book, T. Werner, K. Erickson, D. Hattori, M. Lucas, G. Hrbacek, S. Sommers, R. Wacker. Row 2: A. Porterfield, J. Geerling, K. Goeddel, R. Baum, N. # SIGMA PHI EPSILON STRIVES FOR QUALITY

Sig Ep sponsored their 6th annual Pig Roast this year with a great turn out of students. Sponsoring projects of this type is easily done for a house of this size. Everything, including fund raisers, open campus parties, or private outings are all taken with special care at this house.

Fund raisers and charities have a special place in the heart of a Sigma Phi Epsilon. They are always willing to lend a helping hand for the handicapped and each semester you can always find a Sig Ep standing by a road sign or at a nearby grocery store, collecting for some good cause.

Academically and socially, Sigma Phi Epsilon is Top Quality.

Row 1: S. Gordey, J. Kientzy, M. Spencer, D. Andrzejewski, T. Hamid, M. Haas, J. Leong, W. Emory, R. Johnston, T. Stevens. Row 2: D. Koller, B. Andrzejewski, M. Carmody, B. Wilfong, L. Reese, M. Reiner, S. Haller, K. Stanfill, K. Hubbart. Row 3: J. Voss, K. Mersmann, E. Weber, E. Topp, M. Lohmann, G. Miller, D. Grant, S. Schormann, S. Walchshauser, P. Mahon, A. Ramsey, B. Armstrong, R. Nickols, P. Sly, J. Stocker, R. McQuiggan, K. Lamb, J. Lynn, S. Cook, S. Batisto.. Row 4: J. Hawn, T. Riolo, M. Lohmann, J. Meoff, M. Hill, T. Roth, A. Grant, S. Corcoran, B. Zdvorak, J. Upchurch.

#### BROTHER TEACHING BROTHER

Helping each other was a major point emphasized this year at Sigma Tau Gamma. They strived on working together to make their house stronger, forming that brotherly bond that holds fraternities together.

This year they pulled their grades up, boosting their moral somewhat.

A major event of the year was a turkey shoot they sponsored at the beginning of the year. Funds raised during this went into buying the house a new walk-in freezer.

Through parties and special events, Sig Tau worked as one.

#### TAU KAPPA EPSILON SHOWS THEIR PRIDE

Row 1: T. Grassi, S. Winkler. Row 2: S. Wilson, J. Monzon, R. Warwick, D. Colvin, R. Warwick, M. Fiala, C. Celeslie, T. Beckerle, T. Blackburn, Row 3: R. Rechtien, D. Kuhn, K. Koederitz, T. A major event in the life of Tau

Through the attitude of brother-

After all the events occupying the heart and mind of a TKE, they continued throughout the year with that same enthusiasm, as well as pride, that is so easily displayed in the house of Tau

for \$600 which they raised through parties and their St. Jude's Committee. Besides the Keg Roll, little sisters made the year shine a little brighter by giving the house a female Siberian Husky puppy as a gift. She was named, Lady

Diana, after their little sisters.

Kappa Epsilon.

### PONDING ONCE MORE

Sigma Pi started out the year with their usual ponding venture. Keith Pendleton was honored this year by having a birthday at just the right time.

To add a little more excitement, the pledges had a walk out to Columbia University, where they visited the local chapter. Upon leaving, the pledges took a few things from the house to make it difficult for the actives to live there. Some of the things included electrical breakers, toilet paper and the tapper, just to name a few inconvenient items.

Other events included Little Sister rush, parties, outings and work days.

Row 1: D. Kleikamp, B. McEntee, D. Hauk, K. Anderson, M. Woytus, F. Bagonoff, Sam, L. Tipton. Row 2: K. Goring, G. Peterman, J. Jacobsmeyer, J. Reynolds, M. Walsh, D. Geisel, B. Babyak, R. Cole, T. Herrmann, J. Woytus, G. Anderson, R. Oliver, D. Imrie, M. Drebes.

#### THETA XI'S THIRD ANNUAL FREAKER'S BALL

Halloween is a special time of the year at Theta Xi. Their annual Freaker's Ball was once more a success putting chills and thrills into the party-goers.

Though being a conservative fraternity, Theta Xi completed the year with a work day and improving themselves academically. Further emphasis in the future will be placed on recruiting new pledges making their years ahead more of a success.

Row 1: G. Krumrey, J. Scheibe, T. Petty, R. Reis, D. Novak, P. Nandico, R. Schmitt, M. Singleton, J. Werner, R. Medley. Row 2: M. Horat, B. Ferguson, G. Porter, T. Stockdale, J. Kappler, T. Scheibe, B. Larson, J. McGrath, M. Schneider. Row 3: R. Szoke, J. Frank.

# THE ACHIEVEMENTS OF TRIANGLE CONTRIBUTE TO SHARPENING THEIR IMAGE

Starting the year off with spirit, Triangle sponsored a TGIF and a Street Dance. Getting students involved in these activities was no problem, in fact getting anyone at UMR to party is no great task.

Later on into the year, a more serious attitude was taken in which they worked on a house maintenance project. Before they knew it, their Fall project was ending and Christmas was right around the corner. So once again, the house got together to put a major effort into decorating their house for the IFC Decorating Contest.

After the first of the year, not too much was happening. One other major event was a new Chapter Advisor, Dr. J. Watson. With his help and the house's, Triangle Sharpens Their Image.

Row 1: D. Robinson, G. Teste, R. Lekey, E. Schlauch, S. Heitert, B. Schwalb, D. Flesher, E. Clifton, J. Smaul, D. Long, J. Reardon. Row 2: D. St. Ivany, W. Wuelling, J. Matchett, R. Ohlsen, M. Nugent, T. Krumm, T. Murphy, R. Livaudais, B. Ray, J. Pearson, A. Johnson, J. Mooney, D. Benjamin. Row 3: D. Mendoza, B. Stockton, C. Petersen, S. Tylin, M. Quinn, J. Ernst, G. Schnettgoecke, T. Pautler.

### UMR SPONSORS COMMUNITY CLEAN-UP

Participating in the annual IFC Fall clean-up were organizations, fraternities and sororities. Everyone chipped in together to make an overall sweep across Rolla, picking up litter everywhere.

Putting out a major effort to beautify the Rolla Community, local residents respected and highly appreciated the students.

Major stops were Church yards, parks and road sides. After these areas, if time was permitting, they would continue on with private property and the UMR golf course. After the final pick-up, a major accomplishment had been made.

## ALPHA KAPPA ALPHA

#### BECOMES A FAMILIAR FACE

Alpha Kappa Alpha Sorority Inc. was the first Greek-lettered organization founded for black women. Alpha Kappa Alpha was founded in 1908 at Howard University and has since grown to become a familiar name on campuses across the United States, including UMR.

The 1983-84 school year was a busy one for the ladies of AKA at UMR. They sponsored a canned food drive for charity and were there to help in the area wide clean-up of Rolla.

Of course, AKA was always willing to party and socialize with the men of Kappa Alpha Psi and Alpha Phi Alpha. Together they sponsored many activities such as Black History Month and joint dances. By working together with each other for others the AKA's have found the meaning of true sisterhood.

#### GETTING BIGGER AND BETTER

The 1983-84 school year has been an excellent one for Chi Omega. Under the direction of Rush Chairman Darlene Meloy, the chapter took its first quota ever with 18 pledges. Their Fall highlights included a white carnation formal, a barndance and hayride, a Christmas party, various fraternity exchanges, helping with a local Girl Scout troop, the fall IFC clean-up, and hosting the annual Halloween party at the State School.

During the Spring semester, they celebrated the 5th anniversary of their local founding. They topped off the festivities with a spirit week and a banquet.

A special award this year went to Chi Omega who tied for first in Greek Week. They were awarded for their hard work in the chariot contest and the carnival booth.

With accomplishments like these it is no wonder that Chi Omega is getting bigger and better.

Row 1: E. Wong, E. Kisvarsanyi, H. Shu, C. Driver, B. Rezak, M. Asbury, V. Lapp, S. Muenks, Row 2: S. Grasser, T. Miller, S. Mathew, M. Lenox, M. Robinson, G. Kunzler, M. Starwalt, L. Turner, D. Eldred, C. Suit, T. Bond, B. Hall, J. Schumacher, L. Schumacher, B. Messenbrink, J. Sisk, B. Carmichael, M. Major, J. Leemann. Row 6: N. Falukos.

# SORORITY **FORMALS**

Four sororities, Alpha Kappa Alpha, Chi Omega, Kappa Delta, and Zeta Tau Alpha, are recognized on campus.

As the end of the semester rolls around, the sisters of

As the end of the semester rolls around, the sisters of these sororities can be found looking for the perfect dress for the Fall/Spring Formal. Frantically, they try to figure out how to ask that special someone to escort them to the banquet and dance.

At the banquet, awards are given to outstanding members and to those members of the community who support them. To end the evening with a touch of class, a dance is sponsored. A sorority formal is a time to make some fond memories and relive old ones of a sorority girl's some fond memories and relive old ones of a sorority girl's college days.

#### STAYING AS SHARP AS EVER

The Epsilon Alpha chapter of the Kappa Delta sorority carried out its 11th successful year here at UMR.

They started out the year with Rush, recruiting new members for their sorority. Throughout the year they have sponsored fundraisers and numerous activities to help the C.P. school get back on its feet.

Participating in St. Pat's and Greek Week helped the ladies of Kappa Delta to work together as a sorority and give each other that sisterly "pull" when they needed it. Putting the sweats and sneakers aside, Kappa Delta held a Fall dance and a Spring Formal showing everyone that they are still as sharp as ever.

#### SISTERHOOD SPIRIT

Zeta Tau Alpha has become the melting pot of diverse personalities, innumerable talents and never-ending friendships. ZTA was represented across the campus in Panhellenic, intramurals, Student Council, Who's Who, and many other organizations.

Active in all the Greek events and partying to keep up with the rest of the campus, they still set aside certain days just for themselves and enjoying the company that each one has to offer.

Zeta Tau Alpha brought together sisterhood, friendship, and commitment; three qualities which display their dedication to the Greek system, to one another, and to the community.

Row 1: A. Hoefer, Y. Rorie, S. Flint, A. Wallace, S. Nolde, M. Gaal, T. Veras, J. Carmody, B. Wernert, M. O'Reilly, C. Higgins, C. Pavelka. Row 2: S. Matthews, L. Hoge, P. McLaughlin, D. Viox, J. Williams, C. Korman, T. Scheiwe, M. Smith, M. Cuthill, L. Small, S. Amos, N. Telthorst, B. Ulmer, A. Saunders, M. Stewart, S. McDonnell, H. Fluegel.

# "AFTER HOURS"

Every once in a while, just on occasion mind you, students at UMR find themselves disgusted with classes or just everything in general and they find something more relaxing to do.

In these rare, ecstatically boring times, what did the perplexed student do? Read the Obituaries? Collect Butterflies? Usually not. Most just sort of ... Blow off.

The favorite thing around here to do is go to the friendly neighborhood bars. Though being 21 may seem to be an important factor, it usually doesn't stop the thirsty thousands that are under age.

Two-o-nine, the local Tavern, is a favorite spot for those enjoying a good

beer on tap and the friendly haze of smoke that surrounds you. Two-o-nine does have its good qualities though. The friendly greeting of a Board Rep is always a welcoming mat in the eyes of a Two-o-niner.

A new arrival this year in the world of Rolla, MO, was a classy place by the name of Chums. Attracting students and businessmen of the Rolla community, Chums is an excellent place for wining and dining. A restaurant of excellent food and a lounge provide a total relaxing experience. Just the prescription for those frustrated students.

Chums also offers a good job for those students wanting to take a

semester off and get to know the bartending service a little better.

If wining and dining isn't the atmosphere you're looking for, other areas of interest could include a good movie at one of the theatres in town or grabbing a pizza at one of the pizza parlors. Rolla even has its share of fast-food places. If eating still isn't quite the way an evening should be spent. Others find that just getting together with friends and reliving those great times together is the best way to Blow off.

Some of the best memories of college days will come from doing the things that were done "After Hours".

### INTER-RESIDENCE COUNCIL

The Inter-Residence Council or I.R.C. was formed this year as a communication tool between the Residence Hall Association (R.H.A.) and Thomas Jefferson Hall Association (T.J.H.A.).

Its membership consists of the President of the executive councils and two students-at-large from each R.H.A. and T.J.H.A. The faculty advisor this year was the housing manager from T.J.H.A.

The I.R.C. was active this year in revising the inter-visitation policy and in sponsoring a Snow Ball at Christmas for the residents.

# DORM DECOS: REFLECTIONS OF PERSONALITY

A main complaint of dorm living was that all the rooms looked alike, that they weren't "homey" enough; or that they were just plain boring. While some choose to live like this, others set out to make their rooms and halls a "place of personality." In fact, if all the doors on a floor were left open, one could easily distinguish among personalities without ever meeting its occupants.

Everyone has a different approach to turning their "cubicle" into perfect homes away from home.

Some built bunk beds and bars or brought in bookcases and couches. Some plastered the walls with posters, movie bulletins, magazine photos and bumper stickers. Others cared nothing about decor and thought only of their rooms as a place to sleep and store their belongings.

Still others went in for the "let's just see what we can do with this place approach." Handbuilt wooden lofts created any angle bunk beds, hand painted designer walls (allowed or not) with "anything goes" themes, and

self-created "wall-paper" were the various modes of this style.

So, the dorm deco despair was easily overcome by compatible, creative roommates and a little ingenuity. Some of the rooms became a literal home and haven for the dormies within — a place to look forward to coming back to.

Most, whether a source of pride, embarrassment, or laughter, were anything but "just plain boring." Instead, they were "just plain personality."

#### PROVIDING A TOTAL LIVING EXPERIENCE

Holidays always provide an excellent opportunity for RHA activities. Halloween, Christmas and St. Pat's were the major holidays celebrated by the Quad this year.

October 31st marked the return of the RHA Halloween costume contest. A prize of \$50 was offered for the best costume and over 100 residents competed for the prize money. House B won Best House Participation with their version of the "Godfathers".

Each December the houses of the Quad decorate the doors, hallways and windows with Christmas decorations. Residents spend many hours painting and hanging decorations to show their

pride in their house. Carols were sung by some of the houses to sway the opinion of Mr. and Mrs. Jess Zink and Mr. and Mrs. John Molchan who judged the contest. House B once again walked away with first place.

The residents of RHA selected Sir Bryan Lewis as their Student Knight of St. Pat. Bryan displayed a unique touch of class in his encounter with the infamous "Alice". Accompanied by his "Ninja" bodyguards on the football field Bryan stood out as the best dressed of all the Knights. Backed by friends proclaiming him to be "The Legend", Bryan encountered the beast successfully and came out on top!

# THE BOARD OF GOVERNORS AND THE RESIDENT ASSISTANTS ARE A VITAL PART OF DORM LIVING

The Board of Governers at the Quad had a banner year in 83-84. Five committees, Social, Occupational, Physical, Intellectual and Emotional planned and carried out various activities. Some of these activities were Resume Prep, Study Skills, Social Survival at UMR, Racquetball parties, Test Prep, a Hypnotist, Bowling, Tax Prep, Aerobics, NBC Nite for Miner Basketball, Roller Skating, Arm Wrestling Tourney, and a Spring Banquet.

On February 29th the Occupational Committee sponsored an interviewing seminar presented by Mr. Ted Richmond of the McDonnell Douglas Corporation. Mr. Richmond' dynamic presentation was enjoyed by the 55 plus residents that attended.

Aerobic classes were one of the many ways the Quad residents found to keep themselves slim, trim and physically fit. Under the direction of Cindi Hayes and Jennifer Krah, aer-

obics became a popular weeknight study break.

Another popular RHA activity is Racquetball parties, held once or twice a year at Vessel's Racquetball Club. For those people waiting for a court or those who are there merely for the fact that it's a party, there are other things to do such as sitting in a hot tub, using the physical fitness center or lifting weights. The Board of Governers and the Resident Assistants sponsor the parties and provide door prizes which are given away at the end of the party.

The RHA Staff consists of 12 resident assistants and a housing manager. The staff members must undergo an intense selection process in which they must prove their ability to cope with unusual circumstances and still remain the friend of his or her residents. The RA's and the Board of Governors as the heart of RHA work together to bring the Quad together.

## RENEWING OLD

#### FRIENDSHIPS AND MAKING NEW ONES

It's mid-August and time for a new school year. Time to renew old friendships and make new ones. One of the best ways to meet people in the Quad is through some of the many social events held by RHA throughout the year. The first of these events was the annual "Watermelon Orgy" held in the center of the Quad, providing an opportunity for everyone to get out and meet their new neighbors. After all the watermelon is gone another tradition is carried out. Residents begin chasing the RA's until they catch the licky one to be thrown into the ice tub.

As the sunny days became fewer and fewer and the snow began to fall and fall and fall ... many residents became restless and bored. The result of their restlessness was a snow sculpture contest after the big snowfall in February. The contest featured unique creativity resembling modern art with designs ranging from the MTV logo to the well known "Porcelain God". Doug Gavin's Dragon was the unanimous pick of the judges.

House Five and Farrar Hall joined together for the first "Blow Off The Rest Of The Night Party". A game of twister and a computer were used to help the participants get acquainted.

House 5 Row 1: G. Oranski, K. Koshi, D. Asselmeier, T. Duggan, P. Bischel, R. Stoops, C. Geiger, M. Klender, T. Pezzo, D. Brake, K. West, J. Oxton, W. Stawig, D. Blakemore. Row 2: M. Haferkamp, K. # TO STUDY OR NOT TO STUDY

At Thomas Jefferson the north and south lounges are a focal point of activity. This is the place where most T.J. residents meet to study and pull "all-nighters". Some residents, however, prefer to study in the privacy of their own room. Sometimes a nice cluttered room full of your junk is the best place to study, because you can punt your "Phys-Sucks" or "Calcuseless" book when you get tired of it and not find it for weeks.

When you can't find your books you can go down to the lounge and play cards or just relax. In the lounge you can make new friends, discuss ideas or get help with your homework. One group of people who have found the lounge their home away from home, is the loungees or more affectionately the "Lounge Lizards". They have found that although life at UMR can be difficult and sometimes stressful, together they can help one another through the bad and on to the good.

## T.J. TUBE

The T.J. Tube as it is called by residents of Thomas Jefferson Halls is a tunnel under Highway 63. The tunnel helps students get to class on time and reduces the chance of accidents because they no longer have to wait for traffic on Highway 63. It is also a favorite place for the Graffiti artist to express his/her opinion in a big way. Anything from a resident's favorite late night entertainment to warnings of the horrors to come can be found on the walls of the T.J. tube.

Floor 6 (TJN): Row 1: R. Ostmann, S. Buller, M. Odette, D. Heitzman, D. Nix, G. Kinn, R. Weinmann, S. Gauldin, J. Link, M. Beudavich. Row 2: B. Fowler, C. Ham, Q. Messbarger, D. Farfan, S. Ehrett, M. # DORM HIGHS AND LOWS

One of the many places a freshman or transfer student can choose to live is T.J. Towers. For those from small families, the community telephone, sharing a bathroom with 60 people or living in a 12' × 15' cubicle with a total stranger takes a while to get used to.

When thinking of college life, it's usually something an incoming freshman looks forward to until they've been here a while and find out what "college life" is really like. The highlight of a student's day is waiting for the mail delivery to see who still remembers that they're still alive after being away from home for weeks on end.

Of course every dorm dweller's favorite memory is of the cafeteria. Some students choose to grin and bear it while others seemed to enjoy it immensely and still others turned to the munchie machine.

Floor 6 & 7 (TJS): Row 1: R. Brown, S. Buckles, D. Monin, R. Pennington, C. Walter, B. Yodu, J. Briles, J. Bollini, D. Laughlin. Row 2: D. Rice, M. Robison, T. Anderson, R. Tayloe, B. Cork, D. Hodhett. Row 3: R. Lear, B. McDaniel, T. Policandriotes, D. Miller, T. Siniora, M. Beard, D. Rhoea. Row 4: J. Gordon, S. Stone, J. Fernandi, L. Pullen, J. Kroutil, B. Cupples. Row 5: D. Eise, R. Krepps, J. Franklin. Row 6: D. Moore, J. Leith, D. Koieg, M. Pinkman.

Floor 10 & 11 (TJS): Pictured above: B. Golladay, M. Martin, M. Cordner, P. Byrne, D. Moyer, M. Eschweiler, D. Spillard, C. Schroeder, D. Hicklin, T. Ritter, D. Frei, D. Naughton, R. Cessac, T. Stewart, S. Hanson, M. Lancaster, M. Pollmann. J. Skillington, R. Nelson, G. Mueller, C. Hancock, R. French, R. Roper, R. Altice, T. Blanton, I. Becker, B. Lee, B. Sabor, N. Emerson, M. Downey, D. Brandvold, T. Buckhart, J. Clark, G. Ramsey, R. Perkins, M. Manzonelli, C. Coleman, A. Gullion, K. Mueller, M. Merideth, S. Valbert, S. Franks, J. Owens, R. Boyd, S. Galaske, R. Stude.

# T.J. EXECUTIVE COUNCIL

#### STRIVES TO IMPROVE LIFE AT UMR

FOR T.J.H.A. RESIDENTS.

The Thomas Jefferson Hall Association is sustained and maintained by the Executive Council which consists of a President, Vice President, Secretary, Treasurer and a floor president from each floor of T.J. North Tower and one from every other floor of T.J. South Tower, all of which are residents of T.J.H.A. In addition there are two Housing Managers to act as faculty advisors.

The Vice President of the Executive Council chairs the Program Council. The Program Council has six committees which are the Social Committee, Outdoor Recreation Committee, Intramural Committee, Special Events Committee, Living and Learning Committee, and the Food Committee. This year the committees

sponsored several events for the T.J.H.A. residents.

The Food Committee receives complaints and suggestions regarding improvements in the food service and conveys them to the proper authorities. They also plan special theme meals.

The Living and Learning Committee organizes programs for personal development and self-enrichment. They sponsored seminars in stress management and time management, and published THE T.J. TOWERS, a bi-monthly newspaper for T.J.H.A. residents.

The Special Events Committee provides a significant contribution to major campus affairs. They sponsored a slumber party, Castleburger Eating Contest, Talent show, Trivia Bowl, Roommate Game and a Mr. and Mrs. T.J. contest this year.

The Intramural Committee publicizes and organizes participation in all official intramural sports activities in which there is significant resident interest.

The Outdoor Recreation Committee organizes and sponsors all non-intramural sports and recreational events open to all residents. This year they sponsored a Halloween party, snow golf tournament and a float trip on the Current River.

The Social Committee sponsored a Valentines Dance giving a prize to the floor with the "biggest heart", (most participation) and The John Travolta Dance with a look-alike contest.

## OFF CAMPUS LIVING

Midnight exercises with Jane, house picnics, pizza parties, watching soaps in the T.V. lounge, and having your room trashed. It's great, something every student should experience.

For some, after living on campus, the thought of having your own place adds to the experience that college life has to offer. City dwelling has many advantages: cheaper rent, freedom, privacy, independence and better tasting food. There are many exciting things to do to forget about the pressures of school, from acting crazy to keeping your dog from having the mailman for lunch.

One of the main reasons students move out on their own is the freedom from rules and regulations. There is no one there to watch over you and tell you what you should be doing. Instead, your life is your own.

Something that college cannot teach you is responsibility. Living off campus you learn the importance of paying bills on time or facing the consequences. Things you sometimes took for granted like cooking, cleaning, and laundry, are now up to you.

Away from campus you have the opportunity to have a lot more privacy. You no longer have to share the shower with 50 people, wait around for a sink or a stall to be available or put up with someone else's stereo when you're trying to study. You also don't have the interruptions of everyone on your floor, wanting to take a

study break in your room or the noise of people outside your window.

No more standing in line, waiting for food or having to eat a bowl of cereal, a bowl of corn, or another salad for lunch and supper. No more theme nights, unless you plan them yourself. The thought of grilling outside on your own patio or yard makes all these other nightmares go away.

Having your own place gives you a chance to express your personality in the way you arrange it. Constructing your own furniture out of concrete blocks and milk crates adds a personal touch. It gives a more homely atmosphere and provides for a more comfortable living.

# **MEMORIES**

Kenny Goeddel, Todd Meyer, and Andy Porterfield of Sigma Nu accompany area youngsters from the Gingerbread house on some Halloween trick-or-treating.

Members of Delta Tau Delta furnished their brother with a scenic view of Vienna Road.

This year's Halloween party ended in mud wrestling for the Mud Men of Rocky Heights.

Mickey Mouse welcomes residents of McAnerney Hall, House 2, home from class.

Members of Tau Kappa Epsilon national fraternity pause in Rolla before continuing on their 2348 mile journey to roll an empty keg from Minneapolis, Minn. to New Orleans, La. in 75 days, raising funds for the Children's Research Hospital.

ROLLAMO editor Carla Rellergert discovers that even a desk can be used to catch a nap late at night.

While talking to Joe Schuster, Ellen Moore feels the friendly bite of a "barracuda" from St. Pat's Board members Payton Wieland and Danny Triller.

What I will remember most about UMR were the endless hours of studying, pulling all-nighters to get labs and reports done, and never being caught up. I'll always remember the good times at St. Pat's, and all the private parties where you sat around and shot the bull with all the other "Miners."

## NEWS HIGHLIGHTS

### UM-ROLLA RANKS WELL NATIONALLY

When the National Educational Standards group's "The Gourman Report" was released, several UM-Rolla undergraduate programs received high ratings. UM-Rolla's geological engineering program was

# UMR STUDENTS AID CP SCHOOL

When fire gutted the Cerebral Palsy School in Rolla February 29, 1984, ninety-seven handicapped children from infants to teenagers, who depended on the school for their well-being and development, were left without permanent facilities. Although the school is partially state-funded, most of the school's support comes from charitable donations, and the cost of rebuilding would have to come from an increase in these donations.

In light of this tragedy, many UMR organizations leapt to the aid of the school. Salvage efforts were led by both the Wesley Foundation and the American Society of Civil Engineers. Under the direction of Father Stephen Faletti, members of Newman, the Veteran's Club, and several UMR fraternities collected money at intersections throughout Rolla.

The Brothers of Sigma Phi Epsilon sprang into action, coordinating road-blocks, holding campus parties for charity, hosting a Professional Ladies Mud-Wrestling Exhibition, and sponsoring a Kroger Shopping Spree to raise \$1800 for the school. Lambda Chi Alpha donated a portion of the proceeds from their annual benefit Chicken Dinner, netting \$400 for the cause, and the Little Sisters of Delta Sigma Phi held a raffle, with the help of Rolla area merchants, to raise an additional \$350.

Theta Tau Omega's Casino Night held March 14 benefited the school, as did a Bowlathon held March 14. The InterFraternity Council's Greek Week Carnival held April 27 raised over \$3500 to aid the cause.

All in all, the students of UMR pitched in and made a gallant effort to help the Cerebral Palsy School get back on its feet.

ranked second in the nation, while the metallurgical engineering program ranked third nationally. Other UM-Rolla programs receiving high rankings included: mining engineering, fourth nationally, ceramic engineering, in fifth place, and engineering mechanics and petroleum engineering, both sixth in the nation.

The Kansas City, St. Louis, Columbia, and Rolla campuses all received higher ratings in their undergraduate programs than did Nebraska, Colorado, Kansas State, Oklahoma, or Oklahoma State universities.

# PRESIDENT OLSON RETIRES JULY 1

On May 6, 1983, UM President James C. Olson announced his plans to retire July 1, 1984 as president of the four-campus University of Missouri system. Olson had already served eight years as Chancellor of UM-Kansas City, when he assumed the presidency in 1976.

On May 3, 1984, a reception and dinner was held at the University of Missouri-Rolla, in a UMR tribute to President and Mrs. Olson.

UMR Chancellor Joseph M. Marchello feels President Olson's accomplishments during the 8 years he served as president of the UM System will be beneficial to the University far into the future. Marchello cited President Olson's deep concern for faculty development and growth, and his support of UM-Rolla's efforts to acquire badly-needed equipment and facilities. Referring to recent developments on campus, such as the integration of computers into the classroom, the approval of three new buildings awaiting state funding, and expanded financial support from the private sector, he stressed the importance of President Olson's support and encouragement.

It is evident that President and Mrs. Olson will be missed by the UM System, but they will surely not be forgotten. The Olson Fund for the Arts has been established to honor President and Mrs. Olson, and to support the arts on all four campuses.

### MORE JOBS AWAIT GRAD-UATING CLASS

Job offers to May engineering graduates were up over 200% from the previous year. The much improved economic outlook was appreciated by the record number of UM-Rolla graduates.

Over 650 graduates, their families, and friends struggled through blowing snow, bitter cold, and blinding conditions to attend the December 18, 1983 Commencement Exercises. But the 880 May graduates and their 2400 guests found a balmy day before them. Early morning clouds gave way to the first sunny Sunday in over 4 months, as the graduates streamed into Jackling Field May 13, 1984 to mark the end of their undergraduate career.

While electrical engineers were delighted to see the most optimistic outlook, computer science majors saw a similar rise in demand. Increased defense spending brought additional offers to mechanical and chemical engineers, while civil engineers profited from major highway projects funded by an increase in the gasoline tax.

Overall, Charles R. Remington, Director of Career Development, reported that engineering remains the number one profession in terms of job opportunities and salaries, even though it is as subject to economic conditions as any other profession.

#### **NEWS NOTES**

- —LIVE-IN RULE: Effective Fall, 1984, University officials will require all students with less than 30 hours to live in University-supervised housing in an effort to guide their transition to campus life.
- —TJ ADDITIONS: An 11-story addition to Thomas Jefferson Residence Hall, known as TJ-South, was inhabited for the first time this year. This increase in TJ housing corresponded to a phase-out of Motel Housing, and left the Quad below capacity. TJ also received an underpass under Highway 63 to insure a safer walk to campus for the residents. Students soon nicknamed this underpass "The TJ Tube."
- —SURCHARGE: In the face of a cutback in state appropriations, the Curators approved a surcharge on Spring, 1984 student fees, then refunded the \$839,500 collected to students when Gov. Bond granted the funds.

# GRADUATION

Professors and other dignitaries in academic dress add to the pomp of the commencement ceremony.

- the light at the end of a long, dark tunnel.
- the beginning of a new career.
- the end of your days as a UMR student.
- a stepping stone to bigger and better things.
- sad farewells to the friends you have accumulated in the last few years.
- a cheery "HELLO" to the real world.
- a time of happiness and hugs, and tears.
- going on with your life.

## SENIORITIS

RIGHT: Nancy Lund (Geological Engineering) and Jay Gassel (Chemical Engineering) take a moment to relax at Chi Omega's formal.

BELOW: Patty Pieck (Ceramic Engineering) has an ever-present smile at Pi Kappa Alpha's Formal Rush party.

## EDITOR'S NOTE

I must say that I am pleased with this yearbook. I know that it has its faults, but it has its good points also. We have attempted to produce more of a one year history of Rolla than a one year scrapbook of pictures from Rolla. Some of the stories may be a little much to believe, but then again, a lot of the really horrid stuff was edited.

As I have said, the book has its good points and its bad points. If you liked something we did in the book, or if you liked the book, write and tell us. It gets real depressing to read all of the criticisms in the Miner. And for those of you who are offended, don't just write to the Miner and complain. Contact Lance Williams or Carla Rellergert and tell them what you didn't like, why, and how it can be changed or avoided in next year's book. If you would really like to improve the book, and you are responsible enough to show up for meetings and get work done, join the staff.

The people that have worked on this book have been wonderful. We survived the long weeks after graduation by being in "yearbook mode" and also by pulling together and working as a staff. I would like to thank Karla for giving me trouble when I needed it and for working on anything that needed to be done at the time. Ken Turner, I would like to thank for actually volunteering to look up names in the Blue Key. All names were checked against spellings in the Blue Key, if the spellings we received were close enough to be found. I would like to thank Ken Schibler for his volunteer darkroom work and

wonderful daiquiries. And last but not least, I would like to thank the Miner staff for all of the help that they knowingly and unknowingly gave us.

To the staff: For all the times the birds were singing when we left the office after a long night, and for all the times you hated me for being picky, and for all the captions and innocent statements that got twisted by somebody in "yearbook mode", we finished it and I'm proud of it. The staff has made this yearbook a success and the work enjoyble. Thanks.

Karol of Krumrey
